

About Me

I am a third-year Computer Science engineering student at Malnad College of Engineering, with a strong interest in software development and practical learning. I enjoy working on technical projects that improve my problem-solving skills and help me grow in the field of technology. I am eager to gain real-world experience, learn new tools, and contribute effectively to any team I am part of.

My Skills

1. **HTML**
2. **C++,C LANG**

ARCHANA.P.K

Experience

Completed small academic projects in programming and gained hands-on practice with basic software development tasks. Worked in team-based assignments that improved my problem-solving and collaboration skills.

Language

- English
- hindi
